REMARKS

Claims 1-18 are pending in the subject application and claims 1-2 are under examination in the subject application.

Applicants maintain the amendment to the specification raises no issue of new matter but merely updates the status of co-pending applications.

Applicants' election with traverse of Group I (claims 1 and 2) in Paper No. 2 is acknowledged by Examiner. The Examiner stated that the traversal is on the ground(s) that "the p100 peptide and the monoclonal antibodies to neu are used such related matters that
